OBJECTIVE

Bachelor of Computer Application graduate seeking with a solid foundation in programming and software development. Eager to apply my skill and learn new technologies to contribute effectively as a software developer.

SKILLS

- Proficient in HTML, CSS, Tailwind CSS, JavaScript,
- React
- Core java
- Spring boot
- Hibernate
- RESTful Web Services
- Version Control (Git, GitHub)

EXPERIENCE

Innovant IT Solutions ltd

Mar 2025 - Apr 2025

- Gained hands-on experience in Java, JDBC, JSP & Servlets.
- Worked on CRUD operations, form handling, and database connectivity.

PROJECTS

- **Event Ticket Booking System (Academic Project)**
- Developed a full-stack web application using Java (JSP, Servlets), JDBC, MySQL, HTML, CSS, JavaScript. Implemented Admin module (event creation, transaction management) and Participant module (event browsing, registration with payment).
- **Worker Go (currently working)**
- **Worker Go** is an industry-level worker booking platform built using **Java and Spring Boot** that connects customers with verified service professionals. The application follows a **microservices architecture**, supports **role-based authentication**, secure online payments, job management, and real-time booking workflows, designed for scalability and enterprise-grade performance.

EDUCATION

Bachelor of Computer Application-**BCA**,
CGPA: 7.68
